

April Showers bring May Flowers

It is hard to believe that we have just a few weeks left in our school year. The most joyful part of this time of year is seeing all of the growth and change that has happened with the children since September. Our staff is looking forward to sharing your child's progress with you at conferences on May 7th and 8th.

April has been full of fun field trips, spring activities and more time on the playground! In May, we will be wrapping up with end of the year projects, events and shows. We also wanted to wish all of our amazing FriendShip moms a very Happy Mother's Day!

April/May School Newsletter

With much thanks and gratitude,
Mrs. McAdams & Mrs. Leghorn

In the Classrooms...

Pre-K finished their unit on dinosaurs just in time for their tiny caterpillars to arrive! Their butterfly unit is underway! Friendship 2 has been learning the letters Q,U,K and X, making kite and bird crafts, and had a popsicle party.

Friendship 1 has been learning about gardens, planting and bugs and will finish the year with ocean life! Our Children's Corner kiddos have been learning about birds and are working through the book series, If You Give a Mouse a Cookie.
